SWEETHEART'S BALL ISSUE

Vol. 53  
No. 5

AN ALPHA XI SIGMA PUBLICATION  
February 17, 1953

Editors: R. Marlewski  
N. Miner

## SWEETHEART'S BALL

Make a date with your best girl right away, for next Saturday night, February 21. Hang up your suit to get some of the wrinkles out of it. Then run to Bray rotunda some noon hour and buy a ticket to the Sweetheart's Ball. The price of \$1.80 per couple is cheap considering what you get for it: Dancing from 9-1 in Bray rotunda to the sweet strains of Carl Silfer's 7 piece orchestra; the chance to test your amorous abilities by means of the "Kiss-O-Meter"; the possibility of having your gal selected as Sweetheart of the Forestry College; and, of course, refreshments. This dance is semi-formal. Translated -- that means you wear a suit and your girl wears a formal. Shoes are also recommended. No corsages please.

MAKE THAT DATE  
BEFORE IT'S TOO LATE!

## FOREST ZOOLOGY SOCIETY

The Forest Zoology Society will hold its next meeting at 7:30 p.m. Feb. 27 in 326 Marshall Hall. Maj. Geary, USAF research biologist, will show colored slides of some of the wildlife in Alaska and tell of his experiences with animals during his two year stay in Alaska. There will be refreshments also.

The Spring program of meetings includes talks on such topics as zoogeography, the vanishing deer of the Florida Keys, and bird banding.

Let's face it. . . .

Women are smarter than men and they have figures to prove it.

A fellow was spinning wild yarns to Clancy about his numerous thrilling adventures -- how he cruised timber on the Huntington Forest with a broken leg -- how he discovered a market for rotted beech -- how he shot moose in Florida with a 22. After he was all through dreaming it up, he left his bewildered listeners. One of them addressed Clancy:

"What do you think of that guy's adventures?" he asked.

"He reminds me of the horns on a steer," said Clancy. "A point here--a point there--and an awful lot of bull in between!"
